The PROMISE of Community Action

“COMMUNITY ACTION CHANGES PEOPLE’S LIVES, EMBODIES THE SPIRIT OF HOPE, IMPROVES COMMUNITIES AND MAKES AMERICA A BETTER PLACE TO LIVE. WE CARE ABOUT THE ENTIRE COMMUNITY AND WE ARE DEDICATED TO HELPING PEOPLE HELP THEMSELVES AND EACH OTHER.”

FUNDING SOURCES :

Mission/Vision

OUR MISSION

TO ASSIST AND EMPOWER INDIVIDUALS, FAMILIES AND COMMUNITIES TO ACHIEVE THEIR GREATEST POTENTIAL.

OUR VISION

A BETTER WAY OF LIFE!

This project/program is funded 100% or \$150.00 with federal funds received from the U.S. Department of Health and Human Services (HHS) provided by the Missouri Department of Social Services, Family Support Division; U.S. Division of Energy (DOE) provided by the Missouri Department of Economic Development; Child Care Development Funds provided by Missouri Department of Social Services, Early Childhood Section of Children's Division; and Office of Head Start.

GREETINGS

It is my honor to present the Community Action Partnership of Northeast Missouri's 2019 Annual Report. I want to thank our board of directors and policy council members for their service and dedication to the agency and their support for the staff. Our board members and policy council members are dedicated to serving the low-income families and communities that CAPNEMO serves.

Supporting the efforts of the 85 employees with dedication, imagination and creativity, 15 members of the Board of Directors and 14 members of the Head Start Policy Council; CAPNEMO has continued to provide services over \$5.6 million dollars this year.

Programs operated by Community Action Partnership of Northeast Missouri (CAPNEMO) focus on the needs of the communities and its people. Services were available in areas of; Weatherization, Head Start, Low-Income Heating Assistance Program, Community Services Block Grant projects and rental assistance. These programs work to assist families with removing barriers to become self-sufficient. This evidence has proven that the typical customer served by the agency has transitioned over the last several years to become today's working class.

Our annual report highlights the positive changes that were made during the past year within our local communities and in the lives of our residents. We plan to continue providing quality needed services and projects to ensure that the needs are addressed and met to improve our local communities. CAPNEMO Board of Directors approved our latest Strategic Plan in September 2018.

The Promise: Community Action changes people's lives, embodies the spirit of hope, improves communities and makes America a better place to live. We care about the entire community and we are dedicated to helping people help themselves and each other.

The Community Action Promise is a true reflection of our agency and the programs we offer, striving to improve our communities and encouraging people to help each other. One family, one community at a time, we can make a difference and make America a better place to live.

Thank you for your continued support and looking forward to the future.

With Regards,

Jeanie Smallwood, CCAP

Poverty - Children Below 100% FPL

In the report area 23.08% or 2,181 children aged 0-17 are living in households with income below the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Low Income Home Energy Assistance Program (LiHEAP)

Missouri Energy Crisis Intervention Program (ECIP) Five-Year Usage by Recipient Households

FY2014 through FY2018

Of Households Participating in Five of the Last Five Years

Of the 5% that received every year, 81% are considered vulnerable, with disabled, elderly or children under the age of 5 in the household. Most (66%) of the vulnerable households included members who are disabled.

Of the 1712 unique households who received assistance, the vast majority (77%) accessed the program for short term situations, having received benefits in only 1 or 2 of the past 5 years.

Only 5% of the households received ECIP funds every year.

Head Start Heroes

Donnie started his mission in 2012 with the intention of serving a small community of Head Start children in Macon County. Their intention was to provide children with new shoes. It wasn't long after that, Donnie reached out in neighboring counties to see if children at Head Start needed new shoes. Shoes are the one item not easily obtained second hand and are easily worn or grown out.

Donnie and his group provided shoes to our children and even made sure the entire family had new shoes if they needed them. Forward to present, Donnie and his group now host a Spring Fling each year in which all Head Start children provided with brand new shoes. The event grows every year with 2012 started serving 65 children to last year they provided more than 30,000 children with new shoes in the states of Missouri, Kansas, Iowa and Illinois.

Donnie and his group have hearts bigger than anyone ever met. Their kindness, patience and drive to make a difference inspires us to not only be better people but to pass on the inspiration to others to be the best that we can be!

We, at CAPNEMO, say thank you for all you do to help support our children and families we serve. In honor of your service and dedication we nominate you for the Missouri Head Start Association Heroes Award and the Outstanding Community Service Award from Missouri Community Action Network.

Our heartfelt Congratulations to Donnie Bonuchi and Shoes from the Heart for receiving both Awards. We look forward to continuing our partnership long into the future.

Kirksville,

CAPNEMO serves as an advocate for the 10,000 individuals who live in poverty in our five-county service area. We are committed to fighting the misunderstandings and myths surrounding the reasons people live and remain in poverty. CAPNEMO offers community education around these issues.
