COMMUNITY ACTION PARTNERSHIP
OF NORTHEAST MISSOURI

Mission • Promise • Vision

Our Mission

The mission of the Community Action Partnership of Northeast Missouri (CAPNEMO) is to assist and empower individuals, families, and communities to achieve their greatest potential.

Through advocacy, partnerships, education, and supportive services, CAPNEMO works to reduce barriers, strengthen self-sufficiency, and improve the quality of life throughout Northeast Missouri.

Our Promise

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live.

At CAPNEMO, we care about the entire community and are dedicated to helping people help themselves and each other. We believe every individual deserves the opportunity to build a stable future and achieve long-term success.

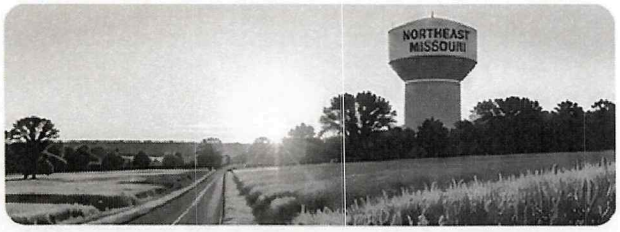

As part of the national Community Action Network, CAPNEMO remains committed to creating pathways toward stability, independence, and opportunity for all individuals and families we serve.

- We care about the entire community.
- We help people help themselves and each other.
- We believe in the potential of every individual.
- We create pathways toward stability, independence, and opportunity.
- We are Community Action.

Our Vision

"A Better Way of Life"

CAPNEMO envisions stronger communities where individuals and families have access to the resources, opportunities, and support needed to thrive.

We strive to build communities where:

- Families have safe and affordable housing
- Individuals can access reliable transportation and employment
- Children receive quality care and educational opportunities
- Households have access to nutritious food and supportive services
- Communities work together to create long-term stability and self-sufficiency

Together, we continue working toward a stronger, healthier, and more empowered Northeast Missouri.

BOARD OF DIRECTORS

The CAPNEMO Board of Directors is composed of representatives from the low-income sector, private sector, and public sector across the five-county service area. This tripartite board structure ensures community representation and supports our mission.

ADAIR COUNTY	CLARK COUNTY	KNOX COUNTY	SCHUYLER COUNTY	SCOTLAND COUNTY
LOW-INCOME SECTOR **Kim Conner**	LOW-INCOME SECTOR **Keri Kearns**	LOW-INCOME SECTOR **Terry Ewalt**	LOW-INCOME SECTOR **Jessica Berry**	LOW-INCOME SECTOR **Marla Greiner**
PRIVATE SECTOR **Andrea Wilson**	PRIVATE SECTOR **Megan Wendling**	PRIVATE SECTOR *Vacant*	PRIVATE SECTOR *Vacant*	PRIVATE SECTOR **Michelle Curry**
PUBLIC SECTOR **Mark Shahan**	PUBLIC SECTOR **Tim Harper**	PUBLIC SECTOR **John Greenley**	PUBLIC SECTOR **Drew Bruner**	PUBLIC SECTOR **Brent Rockhold**

BOARD STRUCTURE

CAPNEMO's governing board follows the Community Services Block Grant (CSBG) tripartite board model by maintaining representation from:

- Low-income individuals and families
- Public officials or representatives
- Private sector community leaders

This structure ensures that the voices of community members, local leadership, and private sector partners are incorporated into decision-making, planning, and program development throughout the CAPNEMO five-county service area.

Strengthening Communities.

ADMINISTRATIVE STAFF

The administrative leadership team at CAPNEMO provides oversight, coordination, and support for programs and services throughout the five-county service area. Through leadership, collaboration, and community engagement, the team works to advance our mission of empowering individuals, families, and communities to achieve their greatest potential.

Traci Lawrence	Executive Director
Rachel Gaworski	Finance Director
Jennifer Vaughn	Head Start Director
Karri Maag	Human Resources Director
Edna Whitlock	CSBG Director
Abbie Jennings	LIHEAP Director
Eric Amini-Rad	Weatherization Director
Carrie Riley	Housing Director
Andrea Thurman	SkillUP Program Director

LEADERSHIP COMMITMENT

CAPNEMO's leadership team is dedicated to strengthening communities, improving access to services, and supporting long-term self-sufficiency throughout Northeast Missouri.

- Deliver high-quality services and programs
- Address identified community needs
- Strengthen partnerships across the region
- Support compliance with CSBG and federal program requirements
- Promote innovation, accountability, and community impact

2026 COMMUNITY NEEDS ASSESSMENT

EXECUTIVE SUMMARY

Understanding Needs. Strengthening Communities.

CAPNEMO is committed to addressing the most critical needs impacting individuals and families across Northeast Missouri.

PURPOSE

This assessment identifies the most critical needs affecting low-income individuals and families throughout our five-county service area.

Serving Adair, Clark, Knox, Schuyler, and Scotland Counties

The Community Action Partnership of Northeast Missouri (CAPNEMO) conducted the 2026 Community Needs Assessment (CNA) to identify the most critical needs affecting low-income individuals and families throughout its five-county service area, including Adair, Clark, Knox, Schuyler, and Scotland counties.

This assessment provides a comprehensive overview of community conditions, barriers to self-sufficiency, and priority needs impacting economic stability across the region. The CNA supports CAPNEMO's strategic planning and Community Services Block Grant (CSBG) programming by ensuring services are aligned with identified community needs and informed by the voices of residents, clients, community partners, and stakeholders.

The assessment also identifies service gaps and emerging needs that may not currently be addressed through existing programs and partnerships.

APPROACH

A mixed-methods approach was used to gather input from clients, staff, partner agencies, and the general public.

CAPNEMO utilized a mixed-methods approach that incorporated both quantitative and qualitative data collection methods. Information was gathered through community outreach efforts involving clients, staff, partner agencies, and the general public.

DATA SOURCES
for the 2026 Community Needs Assessment included:

- Client Needs Assessment Surveys
- Community Focus Groups
- U.S. Census Bureau data
- Local, state, and federal quantitative data sources

SURVEY DISTRIBUTION METHODS
included:

- Social media outreach
- Mailed surveys
- Printed copies distributed throughout the five-county service area
- Community partner outreach
- Agency and community engagement events

The findings from this assessment will guide CAPNEMO's strategic planning, program development, and resource allocation to better address the most significant needs impacting individuals and families throughout Northeast Missouri.

KEY FINDINGS ALIGNED WITH

CSBG ROMA NATIONAL GOALS

Building Pathways. Strengthening Communities.

The 2026 Community Needs Assessment identified priority needs that align with the CSBG ROMA National Goals.

NATIONAL GOAL 1

Low-income people become more self-sufficient.

Priority needs identified include:

- Lack of reliable transportation limiting access to employment, education, and services
- Education and life skills needs, including re-entry programming
- Limited availability of affordable child care creating barriers to employment and training opportunities

NATIONAL GOAL 2

The conditions in which low-income people live are improved.

Priority needs identified include:

- Lack of safe and affordable housing
- Food insecurity and nutrition-related concerns throughout the service area

NATIONAL GOAL 3

Low-income people own a stake in their community.

Priority needs identified include:

- Increased access to education, skill-building opportunities, and supportive services that encourage long-term stability and community involvement

NATIONAL GOAL 4

Partnerships among supporters and providers of services to low-income people are achieved.

Priority needs identified include:

- Increased collaboration among community organizations and partners to address transportation, housing, child care, and food insecurity needs

These findings will guide CAPNEMO's strategic planning, program development, and resource allocation to better support individuals and families in achieving economic stability and long-term success.

Helping People. Changing Lives. Strengthening Communities.

METHODOLOGY AND COMMUNITY ENGAGEMENT

Listening to Our Community. Planning for Our Future.

CAPNEMO utilized a mixed-methods approach that incorporated both quantitative and qualitative data collection strategies. Data was gathered from multiple sources to ensure a broad representation of community perspectives and current socioeconomic conditions throughout the service area.

DATA COLLECTION METHODS

The following sources were utilized in the development of the 2026 Community Needs Assessment:

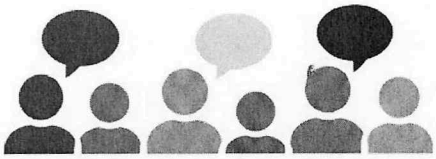

- Client and Community Needs Assessment Surveys
- Employee and Board Member Surveys
- Community Focus Groups
- U.S. Census Bureau American Community Survey (ACS)
- Missouri Community Action Network (Missouri CAN) Data
- Local, state, and federal statistical data sources
- Agency program data and service trends

SURVEY RESPONSES WERE COLLECTED THROUGH:

- Social media outreach
- Printed surveys distributed throughout the service area
- Agency offices and outreach events
- Community partners and stakeholders
- Direct client engagement

COMMUNITY PARTICIPATION INCLUDED:

- CAPNEMO clients
- Head Start parents
- Community members
- Local employers and business owners
- Social service agencies
- Board members
- CAPNEMO staff

The findings from this assessment will guide CAPNEMO's strategic planning, program implementation, community partnerships, and CSBG-funded initiatives during the upcoming planning cycle.

SERVICE AREA OVERVIEW

According to the U.S. Census Bureau American Community Survey 2018–2022 five-year estimates, CAPNEMO serves an estimated population of

44,624 INDIVIDUALS

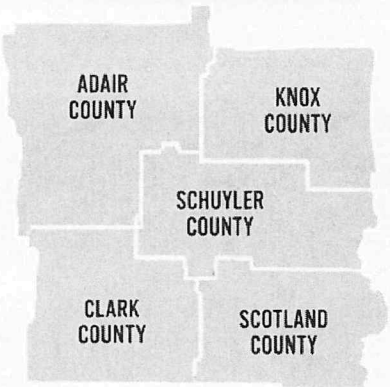

2,319.75 SQUARE MILES

The population density within the service area is approximately **19 persons per square mile, significantly lower than** the national average.

Rural geography, limited public transportation infrastructure, and restricted access to services continue to impact residents throughout the region.

Adair County represents the largest population center within the service area and generated the **highest level of survey participation** during the assessment process.

CAPNEMO SERVICE AREA

A FIVE-COUNTY RURAL SERVICE AREA IN NORTHEAST MISSOURI

Through collaboration and shared commitment, we can build *stronger communities* and create opportunities that *empower individuals and families* to thrive.

CAPNEMO
COMMUNITY ACTION PARTNERSHIP OF NORTHEAST MISSOURI

PRIORITY NEEDS SUMMARY

Understanding Needs. Strengthening Communities.

The 2026 Community Needs Assessment identified the following priority needs across the CAPNEMO five-county service area.

1 HOUSING

Housing was identified as one of the most significant concerns across the service area. Respondents consistently reported limited access to safe and affordable housing, rising rental costs, and a shortage of housing options that accept vouchers or provide income-based assistance.

These barriers contribute to housing instability and increase the risk of homelessness for low-income households.

Additional barriers identified include:

- Limited home repair assistance
- Past evictions and negative rental histories
- Felony-related rental restrictions
- Lack of homeownership support programs

2 EDUCATION, LIFE SKILLS, AND RE-ENTRY SUPPORT

Education and workforce readiness needs remain significant challenges throughout the region, particularly for individuals re-entering the workforce or transitioning back into the community.

Participants also identified the need for increased life skills education, including budgeting, nutrition, communication, and workplace readiness training.

Key concerns identified include:

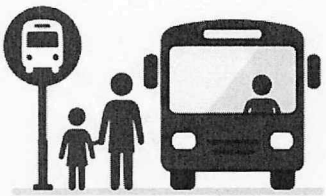

- Limited job readiness and employability skills
- Lack of higher-paying jobs for unskilled workers
- Limited access to secondary education and workforce training
- Financial barriers to meeting basic household needs

3 TRANSPORTATION

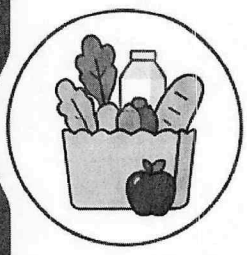

Transportation continues to be one of the largest barriers to self-sufficiency throughout the CAPNEMO service area. Limited transportation options prevent many individuals from accessing employment, health care, education, and other essential services.

Many respondents indicated they are unable to afford vehicle repairs or maintain reliable transportation. CAPNEMO's transportation assistance program has continued to grow since FY 2021, helping employed individuals maintain transportation needed for work and essential services.

4 NUTRITION AND FOOD INSECURITY

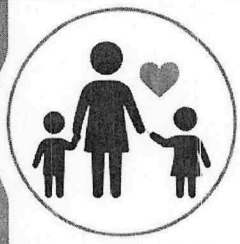

Food insecurity remains a persistent concern across Northeast Missouri due to rising food costs and low wages. Respondents identified growing concerns regarding limited access to affordable and nutritious food, particularly in areas with fewer food pantry resources.

CAPNEMO will continue strengthening partnerships with local food pantries and community organizations while exploring additional nutrition-related programming opportunities.

5 AFFORDABLE CHILD CARE

The lack of affordable and reliable child care was identified as a major barrier affecting families throughout the region. Respondents reported limited availability of providers, especially those serving children from infancy through school age, as well as the high cost of care.

Many families indicated they spend a significant portion of their income on child care expenses, creating barriers to employment, education, and long-term economic stability.

These priority needs highlight the challenges faced by individuals and families in our communities. Addressing these needs through collaboration, resources, and targeted programming will help build stronger, healthier, and more self-sufficient communities across Northeast Missouri.

Helping People. Changing Lives. Strengthening Communities.

CAPNEMO
COMMUNITY ACTION PARTNERSHIP OF NORTHEAST MISSOURI

CONCLUSION

2026 COMMUNITY NEEDS ASSESSMENT

Building Pathways. Strengthening Communities.

The 2026 Community Needs Assessment demonstrates that individuals and families throughout Northeast Missouri continue to experience significant economic and social challenges impacting household stability and overall quality of life.

KEY CHALLENGES FACING OUR COMMUNITIES

HOUSING AFFORDABILITY

Limited access to safe, affordable housing and rising rental costs create instability and increase the risk of homelessness.

TRANSPORTATION BARRIERS

Limited and unaffordable transportation options restrict access to jobs, health care, education, and essential services.

FOOD INSECURITY

Rising food costs and limited access to nutritious food continue to affect the health and well-being of families.

WORKFORCE LIMITATIONS

Limited job opportunities, education, and life skills training hinder economic mobility and long-term self-sufficiency.

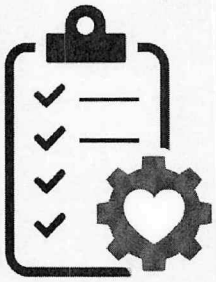

CHILD CARE ACCESS

High costs and limited availability of quality child care create barriers to employment and education.

These interconnected challenges require coordinated community responses, strong partnerships, and long-term investment to create meaningful change and stronger, more resilient communities.

CAPNEMO will utilize the findings from this assessment to

- **GUIDE AGENCY PLANNING** based on identified community needs and priorities.
- **STRENGTHEN PARTNERSHIPS** with community organizations and stakeholders to expand resources and services.
- **PRIORITIZE RESOURCES** to address the most critical needs impacting individuals and families.
- **DEVELOP RESPONSIVE CSBG PROGRAMMING** that addresses immediate needs and supports long-term pathways to self-sufficiency.

Together, we can create opportunities, build stronger communities, and empower individuals and families to achieve stability and a brighter future.

2026 COMMUNITY NEEDS ASSESSMENT

TOP 5 COMMUNITY CONCERNS

What Matters Most to Our Community

Based on the most frequently selected concerns across the main community topics.

1

RISING COST OF FOOD

Families across the region reported increasing difficulty affording groceries and basic household necessities due to rising prices and inflation.

97.14%
of respondents

2

LACK OF AFFORDABLE HOUSING

Affordable and safe housing options remain limited, contributing to financial instability and housing insecurity.

88.57%
of respondents

3

NOT ENOUGH RELIABLE OR QUALITY CHILD CARE

Parents identified high costs and limited availability of dependable child care as major barriers to employment and family stability.

81.82%
of respondents

4

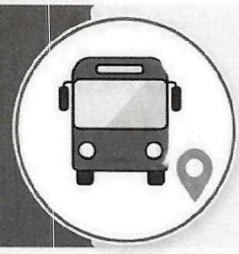

LACK OF BETTER WAGE JOBS WITH BENEFITS

Many residents reported difficulty finding jobs that provide livable wages, benefits, and opportunities for long-term stability.

80.56%
of respondents

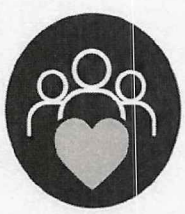

5

LACK OF PUBLIC TRANSPORTATION

Transportation barriers continue to limit access to work, healthcare, education, and essential services throughout the region.

Changing Lives.
Strengthening Communities.

COMMUNITY FOCUS GROUP SUMMARY

As part of the 2026 Community Needs Assessment process, CAPNEMO conducted a Community Focus Group with local partners, law enforcement representatives, church leaders, city officials, social service providers, and community members from across the service area.

A total of **21** individuals participated in the discussion to identify barriers and unmet needs impacting low-income individuals and families throughout Northeast Missouri.

KEY TOPICS DISCUSSED

- Eviction stigma blocking future housing opportunities
- Homelessness and re-entry barriers from prison
- Transportation barriers and lack of public transportation
- Budgeting and basic financial management skills
- Child care shortage and affordability
- Lack of affordable housing
- Delays in accessing mental health services
- Food insecurity throughout the area

STAKEHOLDER FEEDBACK AND COMMUNITY PERSPECTIVES

HOUSING AND RE-ENTRY BARRIERS

Jamie Huffman with Mark Twain Behavioral Health stated that the lack of felony-friendly employment opportunities and housing continues to contribute to homelessness, poverty, and poor financial stability.

- People leaving prison are often "set up to fail" due to the limited re-entry programs available in Missouri.
- The CAPNEMO area would benefit from additional re-entry programming and supportive services if adequate community and agency support is available.
- A men's Christian-based halfway house was recently established and officially opened on March 1st.

TRANSPORTATION AND ACCESS TO SERVICES

Amy Summers from NEMO Health Council emphasized that the lack of public transportation or reliable transportation makes it difficult for people to seek medical care, get basic needs, and access services.

- Transportation challenges are a major issue across our largely rural service area.
- Many individuals lack reliable vehicles or the financial resources needed for repairs and maintenance.

FINANCIAL LITERACY AND LIFE SKILLS

Gayla McHenry, Adair County Commissioner, stated that lack of money management skills is an issue.

- Many individuals need help learning that basic needs should be paid first before wants.
- There is a growing need for budgeting and life skills education to help families improve financial stability.

ADDITIONAL COMMUNITY INSIGHT

Focus group participants reinforced that housing instability, transportation barriers, financial hardship, food insecurity, and limited support services are deeply interconnected.

- Stronger collaboration among community partners is essential.
- Expanding local resources and support systems will help create long-term stability and self-sufficiency for individuals and families.

COMMUNITY IMPACT SUMMARY

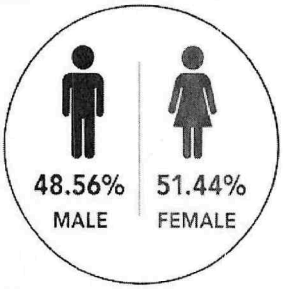

The focus group findings will help guide CAPNEMO's strategic planning, CSBG programming, and community partnership development to address both immediate needs and long-term pathways toward stability and self-sufficiency for individuals and families across the five-county service area.

- Expand affordable housing opportunities
- Increase transportation access
- Develop re-entry and workforce support programs
- Improve access to mental health services
- Strengthen financial literacy and life skills education
- Expand collaborative partnerships among agencies and organizations

KEY INSIGHT

The CAPNEMO region experienced a 3.71% population decline from 2010 to 2020, losing 1,711 residents. All five counties saw population decreases, with the largest percentage declines in Knox County (-9.37%) and Schuyler County (-9.00%). Adair County had the smallest decline (-1.14%).

SUMMARY

From 2010 to 2020, the Community Action Partnership of Northeast Missouri (CAPNEMO) service area experienced a population decline of 3.71%, decreasing from 46,151 to 44,440 residents—a loss of 1,711 people.

All five counties in the region saw population decreases during this period. Knox County had the largest percentage decline (-9.37%), followed by Schuyler County (-9.00%) and Clark County (-7.07%). Adair County had the smallest decline (-1.14%), while Scotland County decreased by -2.62%.

In comparison, Missouri's population grew by 2.77% and the United States grew by 7.13%. These trends indicate that while both the state and nation experienced population growth, the CAPNEMO region experienced an overall population loss.

KEY INSIGHT

Hispanic Population Growth Continues

The Hispanic population increased across most CAPNEMO counties between 2010 and 2020, while non-Hispanic populations declined in every county. Schuyler County experienced the largest Hispanic population increase at 62.07%.

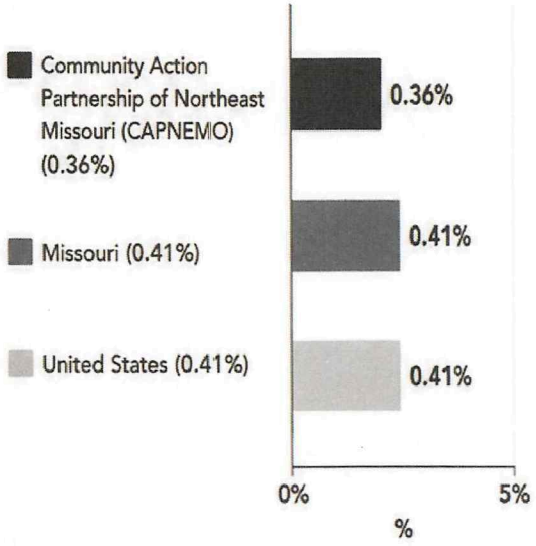

Between 2010 and 2020, the Hispanic population in the CAPNEMO region increased by 23.45%, while the non-Hispanic population declined by 4.10%. Schuyler County reported the highest Hispanic population increase (62.07%), followed by Adair County (26.39%) and Clark County (19.05%). Knox County was the only county to experience a decline in Hispanic population. At the same time, all five counties saw declines in non-Hispanic population.

HOUSING COST BURDEN

Households Paying More Than 50% of Income on Housing

This indicator shows the number and percent of households that pay more than 50% of their household income on housing costs—either rent or mortgage.

Households spending more than half of their income on housing are considered severely cost burdened, which can make it difficult to afford other basic needs.

KEY TAKEAWAYS

RENTERS

Paying >50% of Income on Rent

895
Households
(18.60%)

18.60% of renter households in the CAPNEMO region pay more than half of their income on rent.

Adair County has the highest percentage of severely rent-burdened households at 20.35%.

HOMEOWNERS

Paying >50% of Income on Mortgage

653
Households
(6.00%)

6.00% of homeowner households in the CAPNEMO region pay more than half of their income on mortgage.

Knox County has the highest percentage of severely mortgage-burdened households at 8.94%.

2024

57

Housing Units Without Plumbing

KEY INSIGHT

Housing Conditions Have Improved Regionally

The number of occupied housing units without plumbing decreased from 132 units in 2000 to 57 units in 2024 across the CAPNEMO region.

Schuyler County continues to report the highest rate of homes lacking complete plumbing facilities at 1.99% in 2024.

While the percentage of homes without plumbing in the CAPNEMO region (0.36%) is slightly below both Missouri and the United States (0.41%), unsafe and unsanitary housing conditions remain a concern in rural communities. Continued investment in housing rehabilitation, infrastructure, weatherization, and rural housing assistance is essential to improving living conditions and long-term housing stability.

KEY INSIGHTS

- In 2023, 16.54% of persons in the CAPNEMO region lived in poverty.
- Children ages 0–17 had a higher poverty rate (18.98%) compared to all ages.
- Children ages 5–17 had a poverty rate of 18.36% in the region.
- Among counties, Adair County had the highest all-ages poverty rate (18.20%), while Scotland County had the lowest (13.10%).
- Knox County had the highest poverty rate for children ages 0–17 (26.10%) and ages 5–17 (25.50%).

POVERTY RATE COMPARISON (ALL AGES)

SUMMARY

In 2023, 6,819 persons in the CAPNEMO region lived below the poverty level, representing 16.54% of the population. Poverty rates are consistently higher among children (0–17 and 5–17) compared to all ages.

Compared to the state (12.00%) and the nation (12.50%), the CAPNEMO region has a higher poverty rate for all ages.

Knox County, MO	1,468	16	1.09%	1,288	31	2.41%
Schuyler County, MO	1,467	19	1.30%	1,307	37	2.83%
Scotland County, MO	1,755	53	3.02%	1,550	15	0.97%
Missouri	2,029,881	43,401	2.14%	2,508,227	43,709	1.74%
United States	92,289,957	4,045,979	4.38%	129,227,496	4,449,577	3.44%

KEY TAKEAWAYS

The report area average overcrowding rate in 2024 is **1.95%**, slightly higher than the state average of 1.74%.

Overcrowding can affect physical and mental health, student success, and overall quality of life.

Addressing overcrowded housing helps strengthen families and builds more resilient communities.

Access to safe, affordable housing with enough space is essential for every household to thrive.

NOTE: This indicator is compared to the state average.

HOUSEHOLD INCOME

Median annual household incomes in the report area for 2023 are shown in the table below.

Since this reports a median amount, a "Report Area" value is not able to be calculated.

MEDIAN ANNUAL HOUSEHOLD INCOME (2023)

Report Area	Estimated Population	Median Household Income
Adair County, MO	22,445	$56,954
Clark County, MO	6,545	$56,191
Knox County, MO	3,639	$50,083
Schuyler County, MO	3,986	$52,078
Scotland County, MO	4,603	$57,063
Missouri	6,031,775	$68,484
United States	326,104,344	$77,719

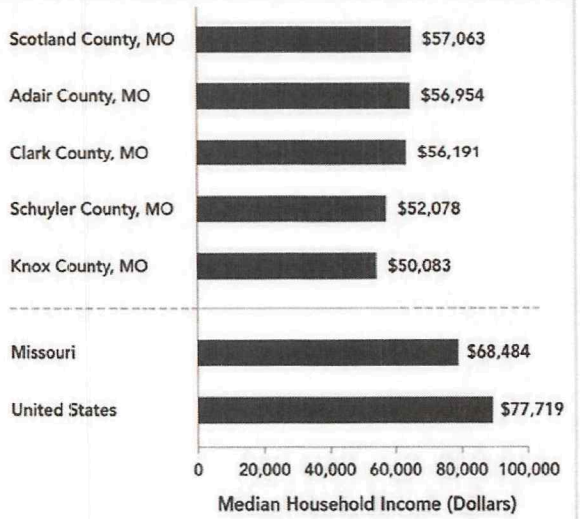

KEY INSIGHTS

In 2023, median household incomes in CAPNEMO counties ranged from $50,083 in Knox County to $57,063 in Scotland County.

All five counties in the region have median household incomes below the state median of $68,484.

The median household income in the United States was $77,719 in 2023.

MEDIAN HOUSEHOLD INCOME COMPARISON

SUMMARY

In 2023, median household incomes across the CAPNEMO counties ranged from $50,083 to $57,063.

All counties in the region had median household incomes below both the state median of $68,484 and the national median of $77,719.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF)

Supporting Families. Strengthening Communities.

The average number of families receiving TANF in January of 2025, and the number of families receiving TANF per 1000 families (based on 2020 - 2024 population estimates) are shown for the report area below.

The Missouri Department of Health and Senior Services reported that a total of **29** families were receiving TANF benefits in the report area.

REPORT AREA	TOTAL FAMILIES RECEIVING TANF	TANF RECIPIENTS BY FAMILY PER 1000 (based on 2020 - 2024 population estimates)	TOTAL PAYMENTS TO TANF RECIPIENTS
Community Action Partnership of Northeast Missouri (CAPNEMO)	29	3.07	$6,060.00
Adair County, MO	22	4.28	$4,454.00
Clark County, MO	5	3.21	$1,238.00
Knox County, MO	1	1.26	$136.00
Schuyler County, MO	0	0.00	$0.00
Scotland County, MO	1	0.92	$232.00
Missouri	5,429	3.48	$1,265,765.00

TANF provides temporary cash assistance and supportive services to help families achieve stability and self-sufficiency. **CAPNEMO** remains committed to connecting families with resources and opportunities for a brighter future.

Helping People. Changing Lives.

CAPNEMO
COMMUNITY ACTION PARTNERSHIP OF NORTHEAST MISSOURI

VETERANS – EDUCATIONAL ATTAINMENT

This indicator contrasts the distribution of educational attainment levels between military veterans and non-veterans in the region. Educational attainment is calculated for persons over 25 and is an estimated average for the period from 2020 to 2024.

KEY TAKEAWAYS

High School Diploma Is the Most Common

Among veterans in the CAPNEMO area, 47.92% have a high school diploma.

Fewer Veterans Hold Advanced Degrees

17.98% of veterans have a bachelor's degree or higher, compared to 26.20% of non-veterans.

County Differences Are Significant

Adair County has the highest % of veterans with a bachelor's or higher (27.30%).

Knox County Has the Highest % Without a Diploma

20.66% of veterans in Knox County have no diploma.

VETERANS, AGE AND GENDER DEMOGRAPHICS

Veterans, Age and Gender Demographics show the number of veterans living in the report area. According to the American Community Survey (ACS), **5.71%** of the adult population in the report area are veterans, which is less than the national average of **6.22%**.

KEY TAKEAWAYS

Veterans make up **5.71%** of CAPNEMO's adult population, which is lower than both Missouri (**7.26%**) and the United States (**6.22%**).

Across the CAPNEMO service area, there are **1,981** veterans, with the largest number in Adair County (**951**).

The highest veteran share of the adult population is in **Knox County (8.57%)**, followed by **Clark County (7.95%)**.

Male veterans represent the majority across all counties. Scotland County has the highest female veteran rate at **0.86%**.

VETERAN AGE AND GENDER DEMOGRAPHICS

This table shows the number of veterans by age group and gender living in the report area. The majority of veterans in the CAPNEMO service area are males over age 65.

KEY TAKEAWAYS

The largest veteran age group is males over 65.

1,110 male veterans and 16 female veterans in this age group.

There are relatively few younger veterans ages 18–34.

71 male veterans and 0 female veterans in this age range.

Most middle-aged veterans are in the 35–54 and 55–64 age groups.

Adair County has the largest veteran population across most age groups; Scotland County has the highest number of male veterans ages 18–34 outside Adair.

TRANSPORTATION TO WORK

This indicator shows the method of transportation non-Hispanic workers used to travel to work for the report area. Of the **18,467** non-Hispanic workers in the report area, **86.38%** drove to work. **0.15%** of all workers reported that they used some form of public transportation, while others used some optional means including **3.89%** walking or riding bicycles, and **9.58%** worked from home.

KEY TAKEAWAYS

Most workers in the CAPNEMO area drive to work.
86.38% of workers drive to work, higher than Missouri (**82.91%**) and the United States (**76.52%**).

Public transportation use is extremely limited.
Only **0.15%** of workers use public transit, far below Missouri (**0.83%**) and the United States (**2.94%**).

A small share of workers walk or bike to work.
3.89% of workers use active transportation (walk or bike), slightly above Missouri (**3.13%**) but below the U.S. average (**4.21%**).

A notable share of workers work from home.
9.58% of workers work from home. Knox County has the highest share at **22.48%**.

COMMUTER TRAVEL PATTERNS

This indicator shows the method of transportation workers used to travel to work for the report area. Of the **18,751** workers in the report area, **76.8%** drove to work alone while **9.4%** carpooled. **0.1%** of all workers reported that they used some form of public transportation, while others used some optional means including **3.1%** walking or riding bicycles, and **0.8%** used taxicabs to travel to work.

KEY TAKEAWAYS

76.8%
of workers drive to work alone—the primary mode of commuting in the report area.

9.4%
of workers carpool to work.

0.1%
of workers use public transportation.

3.1%
of workers walk or ride bicycles to work.

0.8%
of workers use taxicabs or other means to get to work.

9.7%
of workers work at home.

Knox County has the highest percentage of workers who work from home (22.4%) and the highest use of public transportation (1.2%).

Scotland County, MO	16	85	26	127
Missouri	**12,588**	**117,335**	**39,267**	**169,190**

SUMMARY

In July, 2024, a total of **1,134** students with disabilities received special education services in the report area.

Data Source: *Missouri Department of Elementary and Secondary Education. Accessed via KIDS COUNT data center. 2024.*

HIGH SCHOOL GRADUATION RATES

The number of 2024 high school graduates and the graduation rate in the report area are shown in the table.

The report area average graduation rate was **94.58%**, compared to the statewide rate of **92.16%**.

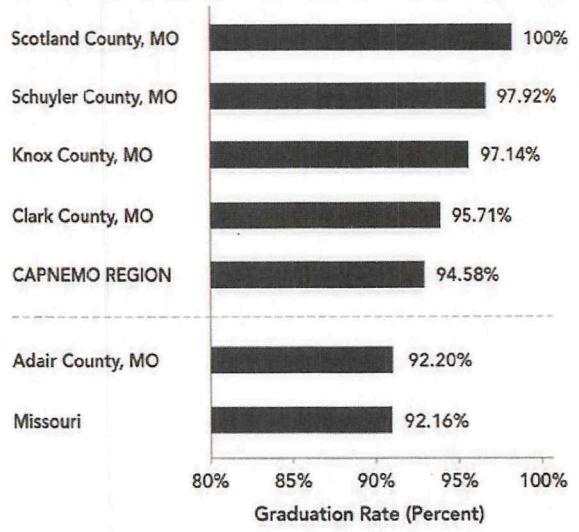

HIGH SCHOOL GRADUATION DATA (2024)

Report Area	Enrollment	Graduates	Graduation Rate
Community Action Partnership of Northeast Missouri (CAPNEMO)	406	384	94.58%
Adair County, MO	218	201	92.20%
Clark County, MO	70	67	95.71%
Knox County, MO	35	34	97.14%
Schuyler County, MO	48	47	97.92%
Scotland County, MO	35	35	100%
Missouri	**66,531**	**61,314**	**92.16%**

KEY INSIGHTS

- The CAPNEMO region's graduation rate was 94.58% in 2024.
- Three counties—Clark, Knox, and Schuyler—had graduation rates above the regional average.
- Scotland County had the highest graduation rate at 100%.
- Knox County had the largest increase above the regional average (2.56 percentage points).
- The CAPNEMO region's graduation rate was higher than Missouri's statewide rate of 92.16%.

GRADUATION RATE COMPARISON (2024)

SUMMARY

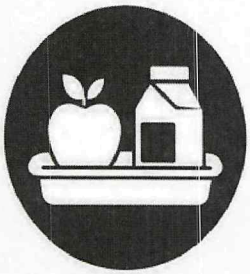

In 2024, the CAPNEMO region had a graduation rate of 94.58%, which was higher than Missouri's statewide rate of 92.16%.

Four of the five counties in the region had graduation rates above the state rate, with Scotland County achieving a 100% graduation rate.

Note: *This indicator is compared to the state average.*

FREE AND REDUCED LUNCH PROGRAM

Free and Reduced Lunch enrollment for the report area are shown below.

According to the January 2024 statistics released by the Missouri Department of Education, of the **5,115** students enrolled at public school lunch programs, **49.24%** were participating in either free or reduced lunches.

REPORT AREA	TOTAL LUNCH ENROLLMENT	FREE/REDUCED LUNCH COUNT	PERCENT FREE/REDUCED LUNCH
Community Action Partnership of Northeast Missouri (CAPNEMO)	5,115	2,518	49.24%
Adair County, MO	2,666	1,321	49.56%
Clark County, MO	980	498	50.82%
Knox County, MO	421	257	61.05%
Schuyler County, MO	543	279	51.29%
Scotland County, MO	504	163	32.34%
Missouri	**838,050**	**399,124**	**47.63%**

KEY INSIGHT

Knox County has the highest percentage of students participating in free or reduced lunch programs (61.05%).

Scotland County has the lowest percentage of students participating in free or reduced lunch programs (32.34%).

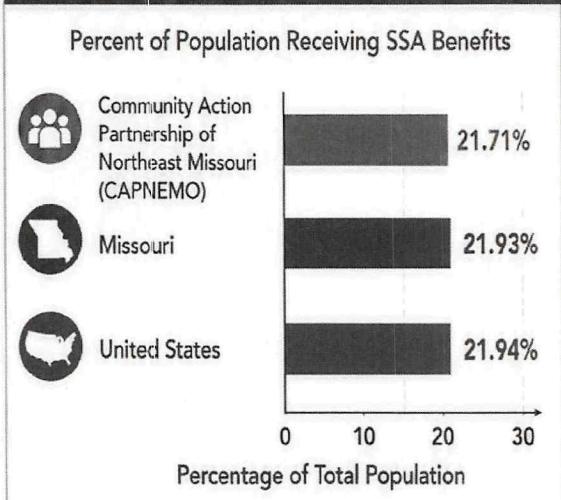

Data Source: *Missouri Department of Elementary and Secondary Education, January 2024 Free and Reduced Lunch Program Statistics.*

FOOD INSECURITY – FOOD INSECURE CHILDREN

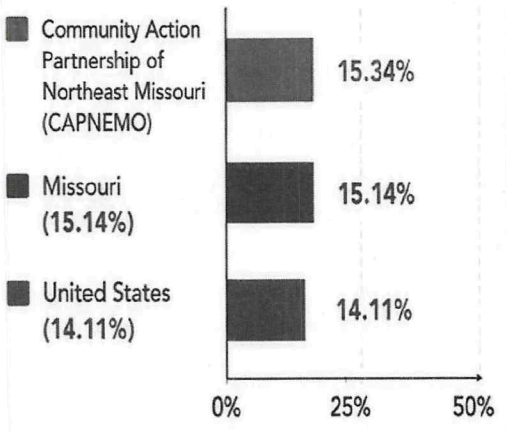

This indicator reports the estimated percentage of the population under age 18 that experienced food insecurity at some point during the report year. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food.

Report Area	Population Under Age 18	Food Insecure Children, Total	Child Food Insecurity Rate
Community Action Partnership of Northeast Missouri (CAPNEMO)	9,534	1,460	15.31%
Adair County, MO	4,563	730	16%
Clark County, MO	1,625	260	16%
Knox County, MO	929	130	13.99%
Schuyler County, MO	1,000	170	17%
Scotland County, MO	1,417	170	12%
Missouri	2,719,280	498,500	18.33%
United States	72,810,721	13,128,990	18.03%

WOMEN, INFANTS, AND CHILDREN (WIC) ELIGIBLE

Below are the number of infants and children, ages 0 – 5 who are eligible for Women, Infants and Children's Program (WIC) benefits for the report area. Eligibility is defined as those living at or below 185 percent of the federal poverty level.

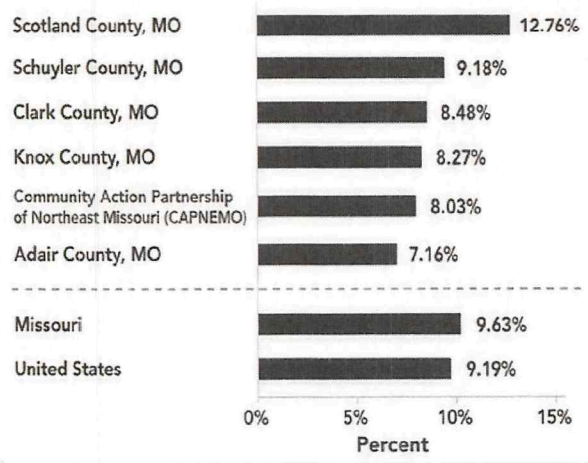

For this report, of the total population of **13,844** eligible for WIC, **8.03%** are age 0 – 5 according to the American Community Survey 5-year estimates.

REPORT AREA	POPULATION WIC ELIGIBLE	POPULATION AGE 0–5 WIC ELIGIBLE	PERCENT AGE 0–5 WIC ELIGIBLE
Community Action Partnership of Northeast Missouri (CAPNEMO)	13,844	1,111	8.03%
Adair County, MO	8,333	597	7.16%
Clark County, MO	2,501	212	8.48%
Knox County, MO	979	81	8.27%
Schuyler County, MO	1,067	98	9.18%
Scotland County, MO	964	123	12.76%
Missouri	1,621,156	156,070	9.63%
United States	84,043,493	7,722,889	9.19%

KEY INSIGHTS

- Of the total population eligible for WIC in the CAPNEMO region, 8.03% are children ages 0–5.
- Scotland County has the highest percentage of WIC eligible children ages 0–5 at 12.76%.
- The percentage of WIC eligible children ages 0–5 in the CAPNEMO region (8.03%) is lower than Missouri (9.63%) but higher than the United States (9.19%).
- WIC supports the health and nutrition of women, infants, and children up to age 5 who are income eligible.

PERCENTAGE AGE 0–5 WIC ELIGIBLE COMPARISON

SUMMARY

In this report, **13,844** individuals in the CAPNEMO region are eligible for WIC, and **8.03%** are children ages 0–5. Scotland County has the highest percentage of eligible children ages 0–5, while Adair County has the lowest. The CAPNEMO region's percentage of eligible children ages 0–5 is lower than Missouri but higher than the United States.

Schuyler County, MO	100	7.65%	66	34	1,207	92.35%	84	1,123
Scotland County, MO	65	4.19%	37	28	1,485	95.81%	100	1,385
Missouri	246,701	9.84%	123,442	123,259	2,261,526	90.16%	200,731	2,060,795
United States	15,572,114	12.05%	6,598,381	8,973,733	113,655,382	87.95%	9,649,356	104,006,026

KEY INSIGHTS

- In the CAPNEMO region, **1,277** households (**8.1%**) received SNAP payments during 2020–2024.
- **1,960** households in the CAPNEMO region had income levels below poverty but did not receive SNAP payments.
- Across the region, more than 8 out of 10 households (**91.9%**) did not receive SNAP payments.
- Scotland County had the lowest SNAP household coverage (**4.19%**), while Adair County had the highest (**8.96%**).

HOUSEHOLD COVERAGE OVERVIEW (CAPNEMO REGION)

Households Receiving SNAP
1,277 (8.1%)

Households Not Receiving SNAP
14,417 (91.9%)

Of the households not receiving SNAP, **1,960 (13.6%)** have income levels below the poverty level.

SUMMARY

During 2020–2024, **1,277** households (**8.1%**) in the CAPNEMO region received SNAP payments, while **14,417** households (**91.9%**) did not. Of these, **1,960** households (**13.6%**) had income levels below the poverty level. SNAP household coverage varied across counties, from a low of **4.19%** in Scotland County to a high of **8.96%** in Adair County.

FOOD INSECURITY – FOOD INSECURE POPULATION INELIGIBLE FOR SNAP ASSISTANCE

This indicator reports the estimated percentage of the total population and the population under age 18 that experienced food insecurity at some point during the report year, but are ineligible for SNAP assistance. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food. Assistance eligibility is determined based on household income of the food insecure households relative to the maximum income-to-poverty ratio for SNAP.

REPORT AREA	FOOD INSECURE POPULATION	FOOD INSECURE POPULATION INELIGIBLE FOR ASSISTANCE, PERCENT	FOOD INSECURE CHILDREN	FOOD INSECURE CHILDREN INELIGIBLE FOR ASSISTANCE, PERCENT
Community Action Partnership of Northeast Missouri (CAPNEMO)	6,710	43.84%	1,460	18.49%
Adair County, MO	3,980	37%	730	30%
Clark County, MO	950	55%	260	0%
Knox County, MO	560	47%	130	0%
Schuyler County, MO	630	57%	170	20%
Scotland County, MO	590	55%	170	10%
Missouri	870,080	56.15%	243,780	33.47%
United States	42,657,200	41.49%	13,128,990	31.21%

KEY INSIGHTS

In the report area, 43.84% of food insecure individuals are ineligible for SNAP assistance.

Adair County has the lowest percentage of food insecure population ineligible for assistance (37%).

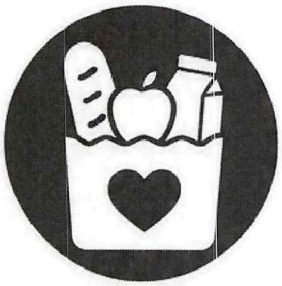

Clark County and Knox County have 0% of food insecure children ineligible for assistance.

Schuyler County has the highest percentage of food insecure population ineligible for assistance (57%).

Adair County has the highest percentage of food insecure children ineligible for assistance (30%).

OVERALL FOOD INSECURITY

Overall Food Insecurity for the report area is listed in the table below. In 2022, there was an estimated **6,880** individuals in the area thought to be food insecure, which is **15.34%** of the total area population.

REPORT AREA	TOTAL POPULATION	FOOD INSECURE POPULATION, TOTAL	FOOD INSECURITY RATE
Community Action Partnership of Northeast Missouri (CAPNEMO)	44,851	6,880	15.34%
Adair County, MO	25,813	4,130	16%
Clark County, MO	6,467	970	15%
Knox County, MO	3,688	590	16%
Schuyler County, MO	4,133	620	15%
Scotland County, MO	4,750	570	12%
Missouri	6,156,146	931,910	15.14%
United States	331,287,882	46,753,190	14.11%

KEY INSIGHTS

Adair County has the highest food insecurity rate at **16%**.

Scotland County has the lowest food insecurity rate at **12%**.

The report area's food insecurity rate (**15.34%**) is slightly higher than the national rate (**14.11%**).

Source: *Feeding America, Map the Meal Gap 2022 (https://map.feedingamerica.org/)*

FOOD INSECURITY TREND OVER TIME

This indicator reports the estimated percentage of the food insecurity trend observed at various points throughout the report year. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food.

REPORT AREA	2017	2018	2019	2020	2021	2022
Community Action Partnership of Northeast Missouri (CAPNEMO)	14.7%	13.9%	14.9%	12.7%	11.7%	14.6%
Adair County, MO	17.5%	14.3%	15.2%	13.5%	12.9%	15.7%
Clark County, MO	14%	12.8%	14.3%	12.6%	12.5%	14.2%
Knox County, MO	13.8%	15%	15.6%	12.7%	11.1%	14.9%
Schuyler County, MO	14.9%	14.1%	16.4%	14.2%	11.7%	15.6%
Scotland County, MO	13.5%	13.1%	12.9%	10.4%	10.3%	12.6%
Missouri	14.2%	13.3%	13.2%	11.4%	11.6%	15%
United States	12.6%	12.2%	11.4%	10.1%	10.5%	13.1%

KEY INSIGHTS

Food insecurity in the report area decreased from **14.7%** in 2017 to a low of **11.7%** in 2021, then increased to **14.6%** in 2022.

All counties in the report area experienced a decline in food insecurity from 2019 or 2020, followed by an increase in 2022.

Adair County had the highest food insecurity rate in 2022 (**15.7%**) among the counties in the report area.

The report area's food insecurity rate in 2022 (**14.6%**) is slightly higher than Missouri (**15%**) and the United States (**13.1%**).

Source: *Feeding America, Map the Meal Gap 2022 (https://map.feedingamerica.org/)*

FOOD BANK IMPACT

The total amount of food (in pounds) distributed from regional food banks is listed in the table below for the report area. The amount of food includes USDA commodity foods.

In the report area there were **128,185** more total pounds of food distributed this year compared to last.

Report Area	Total Pounds Distributed 2014	Total Pounds Distributed 2015	Total Pounds Distributed 2016	Total Pounds Distributed 2017	Total Pounds Distributed 2018	Total Pounds Distributed 2019
Community Action Partnership of Northeast Missouri (CAPNEMO)	2,435,682	2,011,032	1,793,381	1,990,544	2,054,677	2,182,862

CHILD ABUSE AND NEGLECT

Substantiated child abuse/neglect incidents and number of children are shown for the report area in the table below. There were a total of **52** substantiated incidents in the report area in 2024.

REPORT AREA	SUBSTANTIATED INCIDENTS	SUBSTANTIATED CHILDREN
Community Action Partnership of Northeast Missouri (CAPNEMO)	52	92
Adair County, MO	21	41
Clark County, MO	13	23
Knox County, MO	3	7
Schuyler County, MO	4	9
Scotland County, MO	11	12
Missouri	3,242	4,509

KEY INSIGHTS

There were **52** substantiated incidents involving **92** children in the CAPNEMO region in 2024.

Adair County had the highest number of substantiated incidents (**21**) and children (**41**).

Early identification, prevention, and support services help keep children safe and strengthen families.

ABOUT THE DATA

Substantiated incidents are those in which a child protective services agency has found sufficient evidence to determine abuse or neglect occurred. Children may be involved in more than one incident.

SUMMARY

In 2024, there were **52** substantiated child abuse/neglect incidents involving **92** children in the CAPNEMO region. County totals vary, with Adair County reporting the highest numbers. Statewide, there were **3,242** substantiated incidents involving **4,509** children.

INFANT HEALTH

Low birth weight for the report area in 2021 are shown in the table below. According to the Missouri Information for Community Assessment (MICA), of the **531** total births there were **245** certified as Women, Infants, and Children (WIC) infants. Of these WIC infants, **21** (or a rate of **8.57**) had low birth weights.

REPORT AREA	TOTAL MISSOURI RESIDENT BIRTHS	ALL WIC CERTIFIED INFANTS IN A GIVEN YEAR	LOW BIRTH WEIGHT WIC CERTIFIED INFANTS	RATE OF LOW BIRTH WEIGHT IN WIC CERTIFIED INFANTS
Community Action Partnership of Northeast Missouri (CAPNEMO)	531	245	21	8.57
Adair County, MO	266	152	21	13.82
Clark County, MO	76	42	*No data*	*No data*
Knox County, MO	43	16	0	0.00
Schuyler County, MO	59	20	*No data*	*No data*
Scotland County, MO	87	15	*No data*	*No data*
Missouri	69,269	28,223	3,372	11.95

KEY INSIGHTS

In the CAPNEMO region, **21** of **245** WIC certified infants had low birth weight, for a rate of **8.57**.

Adair County had the highest rate of low birth weight in WIC certified infants at **13.82**.

Knox County reported **0** low birth weight WIC infants, for a rate of **0.00**.

Rates for Clark, Schuyler, and Scotland Counties are not available due to insufficient data.

ABOUT LOW BIRTH WEIGHT

Low birth weight is defined as a birth weight of less than 2,500 grams (5 pounds, 8 ounces). Babies with low birth weight are at greater risk for health problems in infancy and later in life.

WIC (Women, Infants, and Children) provides nutrition support and early intervention to help improve pregnancy and infant health outcomes.

SUMMARY

In 2021, there were **531** total births in the CAPNEMO region, with **245** (**46.1%**) certified as WIC infants. Among WIC infants, **21** had low birth weight, for a rate of **8.57**. Adair County had the highest rate at **13.82**, while Knox County had a rate of **0.00**. Data were not available for Clark, Schuyler, and Scotland Counties. The state rate of low birth weight among WIC infants was **11.95**.

Missouri Information for Community Assessment (MICA), 2021

TEEN BIRTHS

Based on American Community Survey 2020–2024 5-year estimates, there was an average of **8.28** births for every 1,000 teens (age 15 – 19) in the report area.

REPORT AREA	FEMALES AGE 15 TO 19	BIRTHS TO TEENS	BIRTHS PER 1,000 TEENS
Community Action Partnership of Northeast Missouri (CAPNEMO)	2,175	18	8.28
Adair County, MO	1,571	18	11.46
Clark County, MO	226	0	0.00
Knox County, MO	89	0	0.00
Schuyler County, MO	140	0	0.00
Scotland County, MO	149	0	0.00
Missouri	198,819	1,760	8.85
United States	10,750,875	87,268	8.12

KEY INSIGHTS

The CAPNEMO region had an average of **8.28** births per 1,000 teens (age 15–19).

Adair County had the highest teen birth rate at **11.46** births per 1,000 teens.

Clark, Knox, Schuyler, and Scotland Counties reported **0.00** births per 1,000 teens.

SUMMARY

Teen births can have lasting impacts on health, education, and economic outcomes. Continued efforts to support teen health education and access to reproductive health services are important.

CAUSES OF DEATH

Total deaths broken down by cause for the report area are shown in the table below. According to the Missouri Department of Health and Senior Services in 2022, there were **486** deaths in the report area.

REPORT AREA	ALL DEATHS	HEART DISEASE	CANCER	STROKE	ACCIDENTS	DIABETES	ALZHEIMER'S DISEASE	PNEUMONIA AND INFLUENZA	KIDNEY DISEASE	OTHER CAUSES
Community Action Partnership of Northeast Missouri (CAPNEMO)	486	91	90	19	17	26	25	16	15	187
Adair County, MO	249	39	52	9	9	17	15	8	7	93
Clark County, MO	85	15	17	2	2	2	5	1	5	36
Knox County, MO	51	13	7	3	0	3	3	4	0	18
Schuyler County, MO	52	16	7	0	1	3	1	3	1	20
Scotland County, MO	49	8	7	5	5	1	1	0	2	20
Missouri	71,776	16,118	13,065	3,148	4,922	1,877	2,619	1,097	1,683	27,247

KEY INSIGHTS

Heart disease (91) and cancer (90) were the leading causes of death in the CAPNEMO region, accounting for **37.2%** of all deaths.

Accidents (17), stroke (19), and diabetes (26) combined accounted for **12.8%** of all deaths.

The "Other Causes" category accounted for 187 deaths, or **38.5%** of all deaths in the region.

SUMMARY

In 2022, there were **486** deaths in the CAPNEMO region.

Heart disease and cancer were the top causes, followed by stroke, accidents, and diabetes. The leading causes of death in the region are consistent with statewide patterns, though rates may vary by county.

PHYSICIANS

The number of licenses recorded by county from the Missouri Division of Professional Registration is listed for the report area in the table below.

REPORT AREA	PHYSICIANS, MD	PHYSICIANS, DO	PHYSICIANS ASSISTANTS	PHYSICIANS PER 1,000 PERSONS
Community Action Partnership of Northeast Missouri (CAPNEMO)	24	92	5	2.72
Adair County, MO	23	80	4	4.23
Clark County, MO	0	2	0	0.30
Knox County, MO	1	1	0	0.53
Schuyler County, MO	0	1	0	0.25
Scotland County, MO	0	8	1	1.92
Missouri	15,012	2,825	1,526	3.13

KEY INSIGHTS

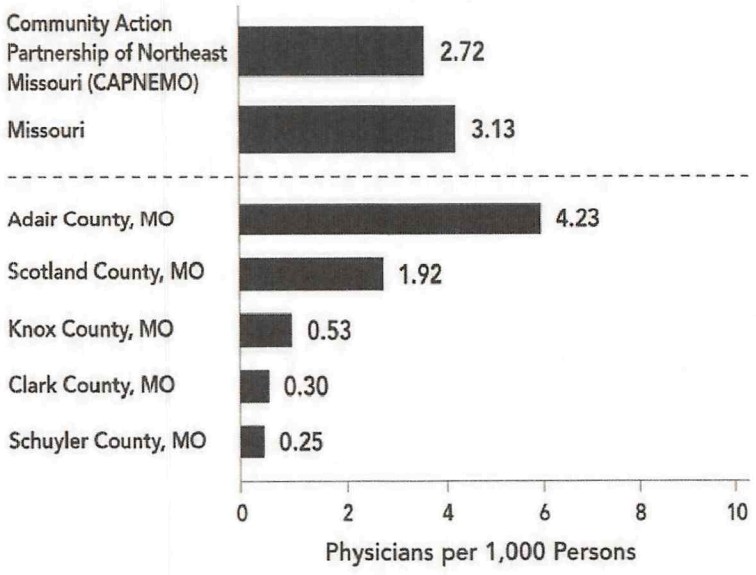

The CAPNEMO region has **24** MDs, **92** DOs, and **5** Physicians Assistants.

There are **2.72** physicians per 1,000 persons in the CAPNEMO region.

Adair County has the highest physician rate at **4.23** physicians per 1,000 persons.

Clark County has the lowest physician rate at **0.30** physicians per 1,000 persons.

PHYSICIANS PER 1,000 PERSONS

SUMMARY

The CAPNEMO region has **2.72** physicians per 1,000 persons, which is below the state rate of **3.13** physicians per 1,000 persons. Adair County has the highest rate at **4.23** physicians per 1,000 persons, while Schuyler County has the lowest at **0.25** physicians per 1,000 persons.

DENTAL PROVIDER ACCESS
IN THE CAPNEMO REGION

This table shows the number of dentists, dental specialists, and dental hygienists practicing in the CAPNEMO region and each county. The final column reflects the number of dental professionals per 1,000 persons.

KEY TAKEAWAYS

0.85
Dental Professionals per 1,000 Persons
The CAPNEMO region has 0.85 dental professionals per 1,000 persons.

19 Dentists
There are 19 dentists serving the CAPNEMO region.

0 Specialists
There are no dental specialists in the CAPNEMO region.

19 Hygienists
There are 19 dental hygienists supporting oral health in the region.

Rural Access Challenges
Several counties have very limited or no dental providers.

AREA REPORT	DENTISTS	DENTAL SPECIALISTS	DENTAL HYGIENISTS	DENTAL PROFESSIONALS PER 1,000 PERSONS
Community Action Partnership of Northeast Missouri (CAPNEMO)	**19**	**0**	**19**	**0.85**
Adair County, MO	16	0	10	1.03
Clark County, MO	2	0	4	0.90
Knox County, MO	1	0	3	1.06
Schuyler County, MO	0	0	0	0.00
Scotland County, MO	0	0	2	0.43
Missouri	**2,584**	**567**	**3,599**	**1.09**

WHAT THE DATA TELLS US

- Adair County has the most dentists (16) and hygienists (10) in the region.
- Knox County has the highest ratio of dental professionals per 1,000 persons (1.06).
- Schuyler County has no dental providers of any type.
- The region has no dental specialists, which may require residents to travel outside the area for advanced dental care.

FEDERALLY QUALIFIED HEALTH CENTERS

Federally Qualified Health Centers (FQHCs) provide comprehensive, quality primary care and preventive services regardless of insurance status or ability to pay. These centers are essential to improving health outcomes and increasing access to care in rural communities.

KEY TAKEAWAYS

6 FQHC Locations

Six Federally Qualified Health Centers operate within the CAPNEMO service area.

Adair County Concentration

Four FQHC sites are located in Kirksville, Adair County.

Dental Services

Dental care is available in Kahoka (Clark County) through Kahoka Dental.

Rural Health Access

FQHCs improve access to care for uninsured and underserved rural residents.

County	Provider Number	FQHC Name	Address	City	Phone
Adair County	PN: 261811	NORTHEAST MISSOURI HEALTH COUNCIL	402 W JEFFERSON SUITE A, SUITE B, SUITE C	KIRKSVILLE	(660) 627-2229
Adair County	PN: 261821	EDINA MEDICAL CENTER	902 E LA HARPE STREET	KIRKSVILLE	(660) 627-5757
Adair County	PN: 261147	NORTHEAST FAMILY HEALTH ANNEX	1410 CROWN DRIVE	KIRKSVILLE	(660) 627-5757
Adair County	PN: 261848	NORTHEAST MISSOURI HEALTH COUNCIL	1506 CROWN DRIVE	KIRKSVILLE	(660) 626-2282
Clark County	PN: 261140	KAHOKA DENTAL	248 N MORGAN STREET	KAHOKA	(660) 727-1500
Scotland County	PN: 261932	MEMPHIS COMMUNITY HEALTH CENTER	118 E GRAND AVE	MEMPHIS	(660) 627-5757

FQHCs provide a wide range of services, including primary care, dental, behavioral health, women's health, chronic disease management, immunizations, and more.
These services help strengthen the health and well-being of individuals and families across our rural communities.

Data Source: Health Resources & Services Administration (HRSA) Health Center Program.
Data current as of May 2024.

UNINSURED POPULATION

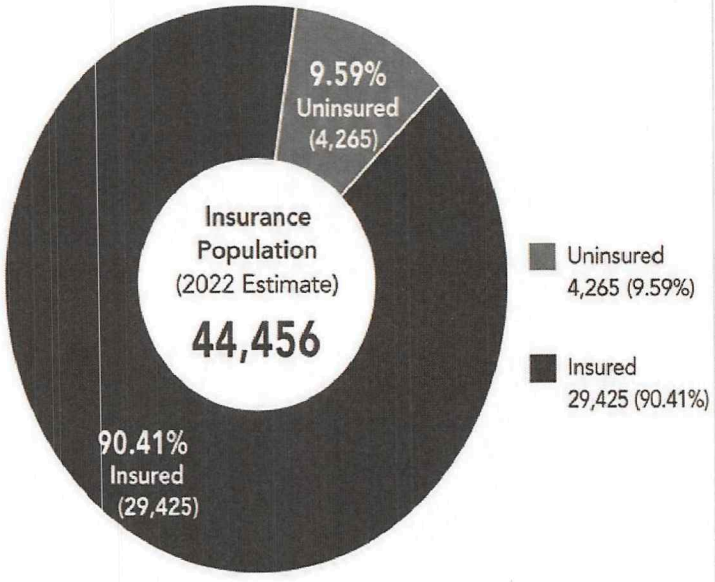

The uninsured population of 2024 is calculated by estimating the number of persons eligible for insurance (generally those under 65) minus the estimated number of insured persons.

REPORT AREA	INSURANCE POPULATION (2022 ESTIMATE)	NUMBER INSURED	NUMBER UNINSURED	PERCENT UNINSURED
Community Action Partnership of Northeast Missouri (CAPNEMO)	44,456	29,425	4,265	9.59%
Missouri	6,191,814	4,496,958	447,348	7.22%
United States	334,922,499	243,728,120	25,457,101	7.60%

KEY INSIGHTS

- An estimated **4,265** people in the CAPNEMO region were uninsured in 2024, representing **9.59%** of the insurance-eligible population.
- Missouri's uninsured rate (**7.22%**) is lower than the national uninsured rate (**7.60%**).
- More than **90%** of the insurance-eligible population in the CAPNEMO region has health insurance.
- Continued efforts are needed to reduce the number of uninsured residents in the region.

UNINSURED POPULATION (2024)

SUMMARY

In 2024, an estimated **4,265** people in the CAPNEMO region were uninsured, representing **9.59%** of the insurance-eligible population. Missouri's uninsured rate (**7.22%**) is lower than the national rate (**7.60%**). Most residents in the region (**90.41%**) have health insurance.

MEDICARE AND MEDICAID PROVIDERS

Total institutional Medicare and Medicaid providers, including hospitals, nursing facilities, Federally qualified health centers, rural health clinics and community mental health centers for the report area are shown. According to the U.S. Department of Health and Human Services, there were **23** active Medicare and Medicaid institutional service providers in the report area in the second quarter of 2025.

KEY TAKEAWAYS

23 Total Providers

The CAPNEMO region has 23 active Medicare and Medicaid institutional providers as of Q2 2025.

2 Hospitals

Two hospitals serve the region, both located in Adair County.

5 Nursing Facilities

Nursing facilities are available in Adair and Scotland Counties.

6 Federally Qualified Health Centers (FQHCs)

FQHCs provide primary care to thousands of rural residents.

9 Rural Health Clinics

Rural health clinics are the most common provider type in the region.

CRIME AND SAFETY SUMMARY

This summary provides an overview of domestic violence, violent crime, property crime, and trends in the CAPNEMO region.

DOMESTIC VIOLENCE (2024)

A total of **139** domestic violence incidents were reported in the CAPNEMO region in 2024, for a rate of **3.13** incidents per 1,000 persons.

KEY INSIGHT
Clark and Schuyler Counties reported the highest rates of domestic violence.

Report Area	Total Number of Reported Incidents	Incidents per 1,000 Persons
CAPNEMO REGION	**139**	**3.13**
Adair County, MO	82	3.24
Clark County, MO	35	5.24
Knox County, MO	0	0.00
Schuyler County, MO	22	5.45
Scotland County, MO	0	0.00
Missouri	**14,122**	**2.28**

VIOLENT CRIME (2023)

The CAPNEMO region reported a total violent crime rate of **682** incidents per 100,000 residents in 2023.

3	521	0	157
Homicide	Assault	Armed Robbery	Forcible Rape

KEY INSIGHT
Assault was the most common violent crime. Adair County reported a rate of 304, Schuyler County reported the highest rate at 363 and Clark County reported 14. Knox and Scotland Counties reported 0. Missouri's rate was 461.

Report Area	Index Violent Crime Rate (per 100,000 residents)
CAPNEMO REGION	**682**
Adair County, MO	304
Clark County, MO	14
Knox County, MO	0
Schuyler County, MO	363
Scotland County, MO	0
Missouri	**461**

VIOLENT CRIME RATE BY YEAR – CAPNEMO REGION

	2019	2020	2021	2022	2023
Violent Crime Rate (per 100,000 residents)	153	168	157	110	136

TREND INSIGHT
The violent crime rate increased in 2020, declined through 2022, and rose slightly in 2023, but remains below the 2020 level.

PROPERTY CRIME (2023)

The CAPNEMO region reported a total property crime rate of **1,449** incidents per 100,000 residents in 2023.

223	1,127	89	8
Burglaries	Larceny	Motor Vehicle Theft	Arson

KEY INSIGHT
Larceny was the most common property crime. Missouri's property crime rate was 1,939 per 100,000 residents.

Report Area	Property Crimes Rate (per 100,000 residents)
CAPNEMO REGION	**1,449**
Adair County, MO	1,242
Clark County, MO	1,874
Knox County, MO	727
Schuyler County, MO	1,669
Scotland County, MO	861
Missouri	**1,939**

OVERALL SUMMARY

The CAPNEMO region reported higher rates of both violent crime (682 vs. Missouri's 461 per 100,000 residents) and property crime (1,449 vs. Missouri's 1,939 per 100,000 residents) compared to the state.

Assaults and larcenies are the most frequent types of violent and property crimes in the region.

2019	2020	2021	2022	2023
153	168	157	110	136

KEY INSIGHT

Violent Crime Remains Below State Average

The CAPNEMO violent crime rate in 2023 remained significantly lower than Missouri's statewide rate of 461 violent crimes per 100,000 residents. Schuyler County reported the highest violent crime rate in the region at 363.

SUMMARY

According to Missouri State Highway Patrol and FBI Crime Data Explorer data, the CAPNEMO region reported a violent crime rate of 136 incidents per 100,000 residents in 2023, substantially below Missouri's statewide rate of 461.

Assault offenses accounted for the majority of violent crimes in the region, with 521 reported incidents. Schuyler County reported the highest county violent crime rate at 363, followed by Adair County at 304. Clark, Knox, and Scotland Counties reported significantly lower violent crime rates.

Regional violent crime trends have improved overall since 2020, when the region reported a rate of 168 violent crimes per 100,000 residents. Continued investment in prevention programs, mental health services, youth engagement, community partnerships, and victim support services remains important to sustaining safe and healthy communities across Northeast Missouri.
